Life Point: For Agape to see people experience the gospel in a life changing, radically transforming way, then we must be radically dedicated to a Christ-like standard for our lives. As the individuals who make up Agape, it starts with us. We must be dedicated to Holiness, and devoted to living out the gospel in our daily lives. As we do that, God will move to mold us to His will and empower us to act according to His purposes for this local church.
